

# THE NEW DIAMANT 16

WHAT COUNTS  
IS OPTIMAL  
RESULTS.

- The unique Optiline system eliminates lateral pull and delivers fuel savings of up to 10%
- Onland version for use with large twin-tyre or tracked tractors for an optimal distance to the furrow edge and plenty of space for turning
- Hydraulic traction booster shifts weight towards the rear axle for greater traction
- Outstanding operating comfort with infinitely variable working depth adjustment from the tractor cab

Optiline

OPTIMISE YOUR  
EXPERIENCE WITH THE  
NEW DIAMANT 16.
